

SILOS

Right-fit & Reliable

We are a trusted leader in the cheese & dairy industry with decades of experience in designing silos for diverse products.

Our vertical silos, delivered on time, serve the food, beverage, and dairy sectors. Whether for water, juice, syrups, or milk, our advanced modeling ensures a more efficient and cost-effective solution.

- ◆ Built to any capacity need up to 230 000 liters (55,000 gallons)
- ◆ Choose from conventional spray-down CIP or specially designed spray-up CIP system
- ◆ Integrated vertical or horizontal agitation
- ◆ Available in single shell, insulated and jacketed
- ◆ Meets or exceeds 3A and USDA standards
