

CURD MILL

FAST & SAFE

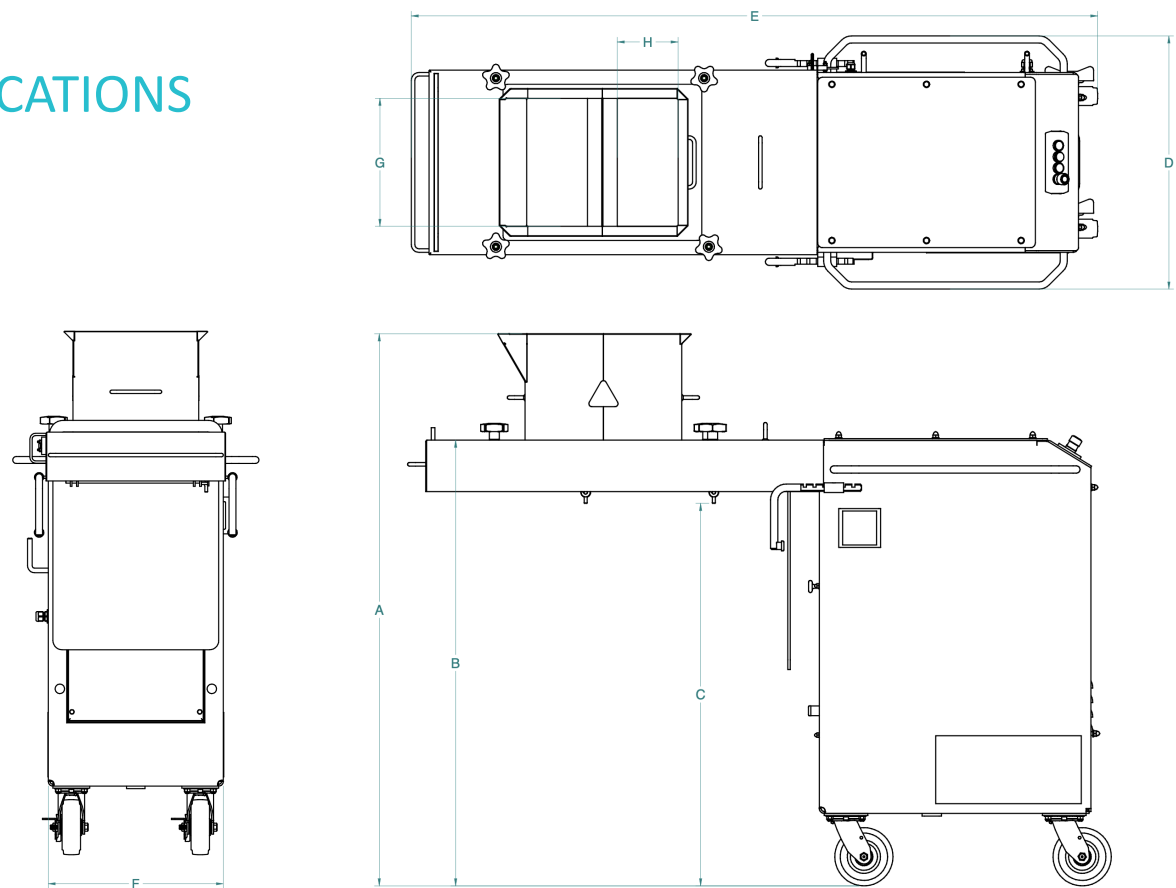

Our automatic curd mill offers exceptional value for the money. Its silent operating principle, with spool and connecting rod, allows it to make two cuts per cycle to achieve a productivity of over 40 000 Lbs / h.

- Sanitary stainless steel construction, easy to clean.
- Easy to move (mounted on swivel casters).
- Mobile anchor system attaches to the walls of your equipment without tools.
- Brazed knives & washdown motors available as an option.
- Our knives allow for a clean cut of the cheese curd.
- The curd mill includes a set of knives when purchased.
- *An additional set of knives can be added as an option.
- Designed with safety in mind.
(conforms to CSA & equivalent UL standards)
- 120V or 240V options.
